

Innovationsmanagement:

- Soziales Kapital als Voraussetzung von Innovation? (BSc thesis, ABi)
- Social Entrepreneure im Blickpunkt – Wirkung und Verantwortung (BSc thesis, ABi)
- Design Thinking - Konzept, Möglichkeiten und Grenzen (BSc thesis, ABi)
- Business Case Formulierung – Ansätze, Best Practice Beispiele (BSc thesis, ABi)
- “Responsible research and innovation” – review of definitions and methods to measure RRI (BSc/MSc thesis, DMW)
- Towards responsible business models – a critical review of the current approaches in the literature (BSs/MSc, DM)

Innovationssystemanalyse, Innovationsökonomik und -politik:

- Sustainability transitions: the case of cultured meat (DMW)
- "Transformative research and innovation" – review of the definitions in the literature on sustainability transitions (BSc/MSc thesis, DMW/ MA)
- TIS-Analysis: batteries as energy storage solution (BSc/MSc thesis, JS)
- Novel innovation system approaches – a literature review (BSc/MSc thesis, JS)
- (Aspects of) TIS Analysis: [wind power, Photovoltaic, geothermic energy] in the U.S. (FV)
- Literature review of dynamic capabilities in energy transitions (BSc/MSc thesis, FV)
- Comparison of energy transitions: Aspects of [wind power, Photovoltaic, geothermic energy] TIS in [Germany or any other country] and [any other country] (BSc, MSc FV)
- **M&M Themen** Future Food: public perceptions of crickets, algae, jellyfish, and halophytes. Analysis of survey data. (MSc thesis) (DMW)
- Future Food: public perceptions of urban food production. Analysis of survey data. (MSc thesis) (DMW)

Innovationspolitik

- Theory and policy making for Sustainability Transitions with following cases for investigation:
 - Elektromobilität: Batterie vs. Brennstoffzelle (MSc thesis, JS)
- Mission-oriented innovation policy and instrument mixes – German or European perspective on innovation policy analysis (e.g., HTS 2025, Zukunftsstrategie Forschung und Innovation) (CS, MSc thesis JS)
- Innovation policy process analysis (case studies on current topics: e.g., Covid-19 pandemic, mRNA technology, electromobility, etc.) (EP, MSc thesis, JS)
- A technological innovation system (TIS) analysis of mRNA technology (EP)
