The **European Audit Research Network, EARNet** (<http://www.ear-net.eu/>), founded in 2000, intends to foster research and exchange ideas among auditing scholars and researchers in Europe. Its primary objective is to promote European auditing research, including supporting auditing researchers in their early career. EARNet also aims to contribute to European policy-making in the auditing area.

**The Seventh European Auditing Research Network Symposium will be held on 27<sup>th</sup> – 28<sup>th</sup> September 2013 in Trier, Germany.** The Symposium is established as a major event in Europe for presentation and discussion of auditing research papers. It also provides a forum for academics, practitioners, policy-makers and standard-setters to discuss auditing research and current issues in the auditing environment. The Symposium includes parallel sessions of presentation and discussion of research papers, plenary panel sessions and a Keynote Speech. EARNet encourages **submission of papers** from a broad spectrum of auditing topics and research methodologies. There will be a best paper award.

A **Ph.D. Workshop** will precede the symposium on Thursday 26<sup>th</sup> September 2013. The Ph.D. Workshop aims to promote high quality auditing research among young European researchers. Feedback on accepted Ph.D. proposals or Ph.D. related papers is provided by experienced international scholars in auditing research. Ph.D. workshop presenters are exempt from the symposium registration fee and accommodation expenses for one night.

**Deadline** for submission of papers to the Symposium and Ph.D. Workshop is **May 5<sup>th</sup>, 2013**. Authors will be notified of acceptance by July 1<sup>st</sup>, 2013.
