

Call for Abstracts

International Workshop on

Interdisciplinary Perspectives on Decision Making

organized by

Dorothea Kübler, Hauke Heekeren and Peter Mohr

About the workshop:

The international workshop “Interdisciplinary Perspectives on Decision Making” will bring together leading researchers from the fields of economics, psychology, and neuroscience with an interest in decision making to present current developments in their fields and to promote active interdisciplinary exchange leading to a better understanding of decision making.

We invite submissions of abstracts with a clear focus on research on decision making for poster presentations during the workshop. All submissions will be evaluated by a Program Committee.

How to submit:

Please submit abstracts as pdf-files via email to submission.decision2015@wzb.eu. Submissions should include title, authors, affiliations, name and email of corresponding author, and the abstracts text. The abstract text should be no longer than 300 words.

Deadlines:

Abstracts should be submitted by September 28th. Accepted submissions will be notified by October 15th.
