

Master courses

for exchange students 2014-2015

Tilburg University, School of Economics and Management

Information & Instructions

- As an exchange student, you are welcome to join courses from the following Master programs offered by the Tilburg School of Economics and Management (TiSEM):

Economics

- MSc in Economics
- MSc in Econometrics and Mathematical Economics
- MSc in Operations Research and Management Science
- MSc in Quantitative Finance and Actuarial Science

Management

- MSc in Accounting
- MSc in Finance
- MSc in Information Management
- MSc in International Management
- MSc in Marketing Management
- MSc in Marketing Research
- MSc in Strategic Management
- MSc in Supply Chain Management

- TiSEM also offers the *CentER Honors Program* to outstanding exchange students (Spring semester only; availability for 2015 is still subject to change). Participants have an extra workload of 7-10 ECTS on top of the regular workload of 18-30 ECTS. A limited number of places is available to the most ambitious students. See www.tilburguniversity.edu/research/institutes-and-research-groups/center/graduate-school/chp.
- *Fall semester (semester 1)*
 - The fulltime/maximum workload is 30 ECTS for the Fall semester; the minimum required workload is 24 ECTS. We need a written approval from your home university if you want to take less than 24 ECTS.
- *Spring semester (semester 2)*
 - Starting from Spring 2014 many of our master programs will offer both full-semester courses as well as courses that only run during the **3rd quarter or 4th quarter**. The quarter courses run for 7 weeks + exam period. The 3rd quarter from 20 January until March /April. The 4th quarter from April until July. The full semester courses run for 14 weeks + exam period, from 20 January until May/June. It is therefore important to always check the individual course schedules when drafting your program.
 - The fulltime/maximum workload for students following only full-semester courses is 30 ECTS. For 3rd/4th quarter courses the fulltime/maximum workload is 18 ECTS. A combination of full-semester and quarter courses is possible. The minimum required workload is 18 ECTS. We need a written approval from your home university if you want to take less than 18 ECTS.
 - Extending your program and/or adding credits is possible by choosing additional Bachelor or language courses, or by applying for the CentER Honors Program. It is essential to check schedules to avoid overlap and to find out about the total duration of your program.

- *General information*
 - The online study guide is available on <http://mystudy.uvt.nl/it10.home?taal=e>.
 - For the ease of choosing your courses, you can find them ordered by (cluster of related) Master's program on pages 3 and 4.
 - Entry requirements apply to most courses. To avoid disappointment, always check in the online study guide if you meet the academic prerequisites or other requirements. You will only be admitted to a course after a positive assessment of your academic background.
 - Courses from the Research Master are not available to Master level exchange students.
 - Please do not choose courses with an overlap in class schedules.
 - Some courses have limited capacity and may therefore not be available.
 - Course enrolment will be based on your TiSEM exchange application form. Choose conscientiously. Making changes to your choice after arrival in Tilburg is only possible when you have less than 24 ECTS or not enough credits for your home university after evaluating your course applications.

- TiSEM reserves the right to make any changes to the course offer as presented here before the start of the academic year. It is your responsibility to check the online study guide in time.

- For any questions, please contact your Exchange Coordinator at TiSEM-exchange@tilburguniversity.edu.
